

Safety Equipment on board _____ and its locations

Extra Life Jackets- located on the flybridge under the seating area. Lift up the cushions and the life jackets are under the seats.

Throw Ring- located on the flybridge behind the tender. Just to the left, attached to the railing as you climb up the stairs from the cockpit to the flybridge.

Throw cushions- located in two spots.

- On the flybridge in the compartment under the sink
- In the cockpit cabinet, next to the stairs going into the engine room

Fire Extinguishers- _____ is equipped with 6 at the following locations

- One in each bedroom (closets)
- One in the salon (cabinet closest to the main door)
- One in the galley (under sink-no reflection on Kelli's cooking)
- One in the cockpit cabinet (the same place as the throw cushion)
- One in the engine room on the right

Flares and signaling devices- found in the pilothouse under the dining area. Please remember these are for emergency use only-we will get in a heap of trouble if used any other time. Besides, they are bloody expensive.

First Aid and Safety kits- found in the VIP bedroom closet. All other medicines you could want are in the guest head in the cabinet. Aspirin, Tums, sea sickness remedy's etc.

Remember-

One hand for you and one hand for the boat at all times!
